Re: Conflict Minerals

In regards to the new H.R. 4173 Law concerning Conflict Minerals such as Columbite-tantalite (coltan, niobium, tantalum), Cassiterite (tin), gold, and wolframite (tungsten), their derivatives, or other materials as designated by the Secretary of State.

The products we supply do not contain any minerals from the area listed in H.R. 4173. For future reference we have contacted our supply chain and the materials that are used do not come from the named region in the new law. We will continue to monitor our suppliers to ensure we comply with this law.

Sincerely,

*Tim Talley*
